Re: Reference for Ed Rose Office Janitorial

To Whom It May Concern;

Ed Rose has been taking care of our office janitorial needs since July 2015. It has been a pleasure to work with Ed and we are extremely happy with the quality of his work.

Ed works diligently and instinctively. It is nice to have the confidence that if something needs an extra clean, Ed will just go ahead and take care of it. Also, we appreciate the open communication Ed provides.

We would strongly recommend Ed Rose Office Janitorial for your office needs.

If you have any questions, please don't hesitate to call.

Have a great day,
